NOW IMAGINE WHAT THOSE COSTS WOULD BE IF WE ARRESTED A HALF MILLION TO A MILLION OR MORE 'JOHNS' EVERY YEAR... AND SENT THEM TO PRISON FOR 15 YEARS TO LIFE, AS SOME ABOLITIONISTS WANT TO DO...

DO WE REALLY HAVE ENOUGH MONEY AND LAW ENFORCEMENT RESOURCES TO SQUANDER ON THIS *'MORAL AND SOCIAL'* CRUSADE BASED ON NOTHING BUT UNSUBSTANTIATED 'GUESSTIMATES' AND OUTRIGHT LIES?

2008- 2010 Average Monthly Number of Reported Rape Victims, Rape Arrests, Prostitution Arrests vs. Suspected Incidents of Human Trafficking

You can find the annual number of arrests for prostitution by age and gender- from 1981 to 2015- in Part VI

Government reports on these numbers are not kept up to date so we are unable to accurately chart the differences. We know that there are fewer arrests for prostitution each year, as well as fewer 'sex trafficking' cases, but these charts and graphs paint the picture of the outrageous lies told by the abolitionists and the government relating to how many actual victims of sex trafficking there are.
