

POLICE OFFICERS IN AMERICA BEAT THEIR WIVES AT ALMOST TWICE THE NATIONAL AVERAGE

— SAN FRANCISCO CHRONICLE

Yet society expects these often violent men to 'protect' sex workers from their NON VIOLENT, non abusive clients? If this is how they treat their WIVES, imagine how they treat us!

DO YOU REALLY BELIEVE THAT 'VULNERABLE WOMEN' ARE BETTER OFF BEING 'RESCUED' BY MEN WITH A PENCHANT FOR VIOLENCE THAN WE ARE IF WE COULD GO TO THE POLICE AND REPORT WHEN AND IF WE ARE VICTIMS OF ABUSE?

www.policeprostitutionandpolitics.com- the more you know, the more you will support decriminalization

Because our lives matter!

Prostitution abolitionists claim that *all* prostitution is 'violence' against women' and they advocate for the abolition of all commercial sex based on their horribly 'misguided' belief that arresting prostitutes OR arresting our **NON VIOLENT, NON ABUSIVE CLIENTS, EMPLOYERS AND ASSOCIATES** (against whom no criminal complaint has been filed) is the 'best way' to 'rescue' us from what they consider a 'violent lifestyle' ...

Yet when the wives or girlfriends of law enforcement officers are victim of their violent cop spouse/ boyfriend, his boss and colleagues urge her to NOT report the violence so her 'provider' does not lose his job or his ability to carry a gun.

These are the men whom the prostitution abolitionists want to put in charge of protecting 'prostitutes' from 'violence.' If the cops can't stop beating their wives and girlfriends, why would anyone believe cops are going to be nicer to prostitutes than they are to their wives? Shouldn't we 'rescue' cops' wives too?

Before you give cops more power to extort, rape and abuse sex workers- think about the unintended consequences of putting us in **THEIR** "care..." *unless that IS your intent...*
