Dear \_\_\_\_\_  
 It has come to our attention that you did not do your due diligence in verifying the totally false 'statistics' you were given by agenda driven prostitution abolitionists, and you are seriously misinforming the public regarding the number of sex trafficking victims of all ages. **Adult sex work** is consensual while **human trafficking** of any sort is not. Conflating the two is not helpful for real victims, as it reduces the resources available to help those who have asked for help.

We'd like to point you to our website and in particular, the section entitled "**Operation Do The Math**," located on [www.policeprostitutionandpolitics.com](http://www.policeprostitutionandpolitics.com). There you will find a calculator and the equations you will need to do the math for yourself.

Perhaps you weren't aware that we sex workers in the US and around the world have been out here fighting for our rights for decades. You in the media blatantly ignore us, but there are many, many sex worker rights organizations and sex worker activists out here and we are tired of being treated like children! We are quite capable of speaking for ourselves if given the opportunity. Just search the internet and you will find us.

We would appreciate it very much if you would do your homework before you cite numbers of juveniles or adults who are allegedly '**sex trafficked**.'

**A lie is a lie, no matter what the justification, and those who promote false statistics are liars.**

# Which LIE did you tell?

www.policeprostitutionandpolitics.com- DO THE MATH!!!

**"The Average age of entry into prostitution is 12 /13/ 14"**

misquoted from the 2001 report "Commercial Sexual Exploitation of CHILDREN in the US, Canada and Mexico" IN WHICH NO ONE OVER 18 WAS INCLUDED!  
(see pages 92- 93 of the full report) Report also stated that 96% of all cases of child sexual exploitation are perpetrated by people whom the child knows and trusts, and 4% by strangers... predators such as preachers, priests, cops, doctors, teachers and other pillars of the community...

From 1981 to 2012, over a 32 year period, the FBI Bureau of Justice Statistics reported a total of 54,254 juveniles (male and female) were arrested- NOT EACH YEAR, but for all 32 years- of these, 35,371 were females - the majority of which were 16 and 17- and YES, cops DID arrest girls under age 10... but there cannot be hundreds of thousands of 'children' forced into prostitution EACH YEAR, living 4 to 7 years... which would mean at any given time there are 500,000 to 1 MILLION minors in prostitution... and many millions of adult females... where would we get enough men to hire all of these 'sex trafficking victims'?

**"100,000 to 300,000 number of prostituted CHILDREN in the US EVERY YEAR!"**  
NOPE! NOT POSSIBLE!  
NOT EVEN 50,000 or 20,000- THIS IS A LIE!  
2012 arrests of female minors- 470 17 years of age!

**"The Average age life expectancy for minors in prostitution is 4 to 7 years"**  
says the US Government... claiming that these trafficked minors die from AIDs and homicide... and yet, there are NO sources for this statistic and the CDC does not list any such information in their annual causes of death for AIDs, nor are there a significant number of murdered prostitutes of ANY age... according to the FBI's "Murder by Circumstances" reports... since 1991 to 2012, there were 232 TOTAL prostitutes murdered... and those were adults!

# STOP THE LIES!

www.policeprostitutionandpolitics.com- DO THE MATH!!!

According to the 2010 census, there are 154,492,067 males in the US... of which 107,965,933 are between the ages of 20 and 79 (who may have a job and therefore the financial resources to hire a 'sex trafficking victim' of whatever age...)

In 2012, there were 470 female minors arrested for prostitution, of which 241 were 17 years old... in 1982, there 2,316 female minors arrested for prostitution, of which 1,278 were 17 years old... if there are 100,000 minors in prostitution, WHERE ARE THEY?

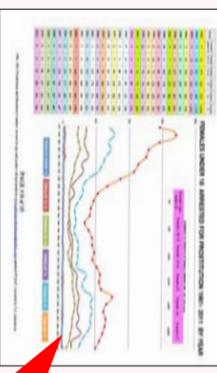

**"100,000 to 300,000 number of prostituted CHILDREN in the US"** Polaris Project claims... They also claim that the "estimated number of men that a woman or child must have sex with DAILY -7 days a week- is 25 to 48" ... REALLY? How is that possible?

**100,000 x (100 x 10)= 100,000,000 'johns' working 100 days per year x 10 'johns' per day**  
If there are 100,000 CHILDREN and they are forced to see 10 'johns' per day and only work 100 days per year, this would mean that almost the entire male population of the US is hiring MINORS for sex...
